FIELDNOTES WORKSHEET / TECHNOLOGY DECISIONS

Build Decision Record

Companion to Your Client Needs a Decision. Do You Need Custom Software?

Choose one current case. Record the evidence, the people responsible, and the next decision.

1. **User, input, action, output, and exception**

2. **Options considered, including keeping the process**

3. **Normal and failure-case evidence**

4. **Data source, permissions, and ownership**

5. **Setup, operation, maintenance, and exit costs**

6. **Decision, uncertainties, and review trigger**
